

Dear Eye Site family and friends,

After over 40 years, I have made the difficult decision to step back from full-time patient care. This decision is not one that I have taken lightly. I have had the pleasure of meeting so many wonderful people in my years of practice, and I consider many of my patients to be my friends. Thank you for allowing me to care for you and your families.

I am excited to announce that my daughter, Dr. Heather Motisi, will be taking over my patient base. Dr. Heather has been an associate at our practice for the last ten years and many of you have had the pleasure of meeting her. I have worked hard to teach her everything I know, and I have no doubt that she will continue to provide my patients with the outstanding care they have been accustomed to.

I want to assure you that everything else at Eye Site will remain the same. Kim will still greet you at the desk with a smile. Jeanine will still be managing the practice and optical sales. Bonnie will still be ordering contacts and assisting with pretesting. Dr. Schermeister will continue to see her patients and provide them with excellent care.

If you want to know a little more about Dr. Heather, she has a calm and caring chairside manner. She loves what she does and enjoys getting to know her patients, and to provide them with the best care possible. She graduated from my alma mater, Illinois College of Optometry, and has spent the last ten years specializing in visual development. She is board certified in vision therapy and is a Clinical Director for Special Olympics of Wisconsin. Heather and her husband, Matt, have one son, Logan, and have recently welcomed a child - and my first granddaughter - Maggie May, whom I cannot wait to spend more time with.

I am so appreciative of all your support and trust over the years. Whether you have been coming to me for care since 1986 or you started coming last

month, I am honored to have served you at Eye Site Vision Care Center. I look back at everything that has happened and I can't help but smile about the journey. I will miss the camaraderie found in patient care, but I am looking forward to the next chapter in my life. I wish you all health and happiness in the future!

Sincerely,

Dr. Thomas Motisi
